

Wilmington Green Box

Ellie Niesz, Tori Reiner, Joey Lanzona,
Gabe Wilson, Bailey Davin, Daniel Xu,
Charlotte Breef-Pilz

Our Project

- Build an urban garden in Wilmington
- End Goal: enable the nonprofit to grow local produce to use in their items as well as to provide entrepreneurship opportunities for Wilmington youth
- Community Aspect: bring together Wilmington through organic gardening

Team Roles

Joey: notetaker, researcher for sustainability

Bailey: communications, researcher for plant growth/soil

Ellie: agenda keeper, researcher for garden aesthetics

Charlotte: facilitator, researcher for plant growth/soil

Tori: research coordinator, researcher for sustainability

Daniel: graphic design director, researcher for garden aesthetics

Gabe: accountability manager, researcher for compost

Strengths & Skills

- *Joey: go getter, friend, peacemaker*
- *Bailey: go getter, gentle heart, peacemaker*
- *Ellie: peace maker, hero, friend*
- *Charlotte: guardian, mentor, expert*
- *Tori: mentor, expert, monarch*
- *Daniel: expert, creator, friend*
- *Gabe: merry maker, peacemaker, friend*

What have we done so far?

- Visited the site to gather dimensions and feel for design
- Designing the garden space
- Non-profit Walk Meeting
- Contacted various people to educate us on urban gardening
- Done research for garden planning, construction, and planting
- In process of ordering supplies

Next Steps

- Clean up the space
- Decide on plants and planting yields
- Build the garden
- Plant in spring semester
